- AN APOLOGY -

We would like to take this moment to say that we are deeply sorry for making Kozy Shack® Pudding so absurdly delicious.

We had originally planned on making Kozy Shack® Pudding just very delicious. Instead we made it absurdly delicious, and for that we apologize. We had no idea that it would create such a buying frenzy, leading to a pudding shortage.

Until we can make some more, we ask those whose last names begin with A through M to buy Kozy Shack® Pudding on odd days. Those whose last names begin with N through Z, please buy Kozy Shack® Pudding on even days.

Again, please accept our sincere apologies.

JIMMY Fallon may keep his *Tonight Show* guests cracking up, but the funnyman is now trying to keep a smile on his wife's face. Sources tell *Star* that after hush-hush issues with alcohol, the host is determined to get his marriage to **Nancy Juvonen** back on track.

"Jimmy's had a drinking problem for years, and it got so bad that Nancy just didn't want to be around him anymore," spills a pal, explaining that it was hoped the couple's recent ski trip to Utah would mend the rift between them. Instead, the family getaway triggered an avalanche of acrimony.

"They argued on and off, mostly about Jimmy's behavior," explains the friend. "When he's drinking, he's a mess, and when sober, he's moody. Nancy told him she'd had enough."

While Jimmy's rep denies that the 42-year-old has any booze or marital issues, *Star's* insider says the unhappy family holiday served as a wake-up call to the hard-partying host, who knows all too well that his producer wife isn't above kicking him to the curb.

"Last year things got so bad that Jimmy was living in a hotel," reveals the source. "He managed to worm his way back home, but he knows that Nancy means business."

So do *Tonight Show* honchos, who are frustrated over the show's lagging ratings.

"All signs point to Jimmy needing to clean up his act," adds the insider. "He can't act like he's footloose and fancy-free when he's got a family and network execs to answer to. He realized that he doesn't want to end up with no wife and no job!" ★

"Nancy doesn't want to be married to a guy who'd rather party than be a parent," says a friend close to Fallon's 49-year-old wife. "She gives everything she has to their two kids."

JONAH HILL'S SKINNY SECRET

THE ONCE OVERWEIGHT STAR
HAS SWAPPED ONE HABIT FOR
ANOTHER TO LOSE WEIGHT.

MOST stars put on a hat and sunglasses if they want to avoid autograph seekers, but **Jonah Hill** doesn't have to bother. The formerly obese actor has lost so much weight, he's barely recognizable these days. Yet while Jonah looks great and seems happy, those close to him worry that he's just traded one vice for another.

"Jonah's always been an emotional eater, someone who'd reach for a food fix if he was feeling stressed or insecure," says a source. "Now, instead of tucking in to a big meal or bingeing on junk, he's been lighting up. He's been dropping pounds at a pretty fast rate, so it seems to me that he considers cigarettes his secret weapon."

Jonah, 33, who once tipped the scales at nearly 300 pounds, has been flaunting his new physique — and women have

noticed. "He's getting tons of attention from girls, and it's really boosting his ego," says the source. "He also seems to think that smoking makes him look cool. The fact that his buddy **Leonardo DiCaprio** is also a smoker must validate the habit."

A cool vibe is more important than ever for Jonah, who, having segued from playing comic relief in comedies to earning a Best Supporting Actor Oscar nod for *The Wolf of Wall Street*, is now helming *Mid-'90s*, his directorial debut. "There's a certain image of intensity people associate with success behind the camera, and Jonah must want to be perceived that way," points out the source. "And while friends are suggesting that he eat regular, balanced meals and hit the gym to stay lean, he blows them off, saying he hasn't got time for that. He's such a talent, people just want the best for him." ★

JUSTIN'S HOLY HOOKUPS

Those who can't do, preach! Despite a less-than-Christlike existence, all **Justin Bieber** needs is a beauty and... a bible verse?

"Justin has a routine while he's on tour: He has a local modeling agency send over a crew of girls to hang out," dishes one such leggy lady who was recruited to chill by the fire and eat fondue. "But what does he talk about? He asks them if they have seen the light of Christ!"

Yes, the 23-year-old must know if his potential conquests are true Beliebers — er, *believers* — before he'll consider their heavenly bodies for his flock.

"These girls are in bikinis, just throwing themselves at Justin, and he's asking about their personal relationship with Jesus," tattled the model. "And the ones who seem the most spiritual, well, those are the ladies he chooses to... *anoint*." Why, that little devil... ★

SHEERAN SHAGS THE SQUAD?

Maybe nice guys don't finish last, after all. Despite his Mr. Sensitive persona, sources on **Ed Sheeran**'s 2013 tour with **Taylor Swift** say that the British singer slept with a different girl every night!

"Too many girls was never enough," recalls the tour insider. "He definitely did not know all of their names — sometimes he was too drunk to even get a good look at them!"

And Ed himself confessed that he hooked up with a few of Taylor's famous BFFs — rumor has it **Ellie Goulding** and **Este Haim** were among his conquests — but he's since changed his ways, settling down with his high school sweetheart, Cherry Seaborn. "He actually got a diploma from a therapist after a ton of counseling for sex addiction," adds the insider. "Cherry framed it and hung it above their bed!" ★

BROKE LEANING ON RILEY

Lisa Marie Presley is cryin' all the time, thanks to a vicious custody battle with her (fourth) ex-husband, **Michael Lockwood**, and financial struggles so dire she's relying on her daughter, **Riley Keough**, for cash and a place to live!

"Riley wants to help her mom, but Lisa Marie is the roommate from hell," says a friend close to family. "Not only is she a crying mess and a slob, she treats Riley like an ATM."

Then there's the hunka-hunka burning guilt that Elvis' only heir lays hard on her actress daughter.

"Whenever Riley gets frustrated, Lisa Marie sobs that she'll be all alone and homeless," divulges the tipster. "Yet she'll borrow \$300 from Riley then blow it on a fancy lunch. Riley is running out of patience." ★

GMA: SICK OF STUMBLING STRAHAN!

Good Morning America is having some serious second thoughts about new host **Michael Strahan**.

MORNING MISERY?

"He's just underwhelming, even with cue cards right in front of him," says the source, explaining that Michael seemed to do better with the unscripted banter of *Live With Kelly and Michael*. "Now that he has to announce specific things and lead into stories, his delivery is completely stilted."

Unwilling to risk bad press, *GMA* is stuck forking out \$20 million a year to the former NFL star, much to the ire of his fed-up cohost, **Robin Roberts**.

While a producer says the show has "never been better," Robyn is struggling to adapt to Michael, adds the network tipster. "And no one is willing to coach him because he would absolutely flip out. His ego is as big as his paycheck." ★

DEAN'S EX-WIFE,
MARY JO

Tori DUMPING DEAN?

The Canadian cad evaded the clink, but his marriage could end up on the chopping block.

D EAN McDermott is headed to the jailhouse *and* the doghouse if he doesn't pay thousands of dollars in back child support to his ex-wife, **Mary Jo Eustace**. And now sources tell *Star* that **Tori Spelling's** mother, **Candy**, advised her daughter to dump the delinquent deadbeat dad, 50, before he ruins them all!

Despite declaring that he had "fallen on hard times," Dean was found in contempt of court on March 9 after failing to pay eight months of child support — or about \$100,000 — for his 18-year-old son, Jack, and was read his Miranda rights... only for the judge to grant the former *Chopped* host one last chance to avoid jail time.

"Dean promised Mary Jo that he would come up with half of the cash now and pay her the rest later," dishes an insider. "He might have weaseled his way out of this one, but if he doesn't honor the agreement, he could still wind up behind bars." Which would leave Tori, 43, a penniless single parent.

"Tori is beside herself with worry and wonders if she should take her mom's advice and divorce Dean," reveals a source close to the couple, who welcomed their fifth child together, son Beau, in March. "Candy has never liked Dean, and she is the only one supporting this family. Dean doesn't have a dime to spare and they've got another mouth to feed." ★

"Tori's nerves are shot," says a source. "She has five kids to take care of and if Dean does jail time, she'll be on her own."

★*Oh, Baby!* One Tree Hill hunk Chad Michael Murray and his wife,

Jonny Lee Miller. Billy Bob Thornton. Brad Pitt. Angelina Jolie has seduced several of her exes on movie sets, which is why **Jamie Dornan's** wife, **Amelia**, is dead set against the *Fifty Shades* stud, 34, playing the 41-year-old star's love interest in a new film. "Angie wanted someone tall, dark and handsome," says an insider. "And after seeing Jamie's work, she thought he certainly fit the bill." However, Amelia, 34, refused to repeat **Jennifer Aniston** and **Laura Dern's** mistakes, adds the spy: "Amelia trusts Jamie completely, but she's heard enough to know Angie likes to get whatever, or whomever, she wants." Sorry, Mr. Grey *can't* see you now. ★

Casey's ALTAR SACRIFICE

Gone, baby, gone — off the rails! Newly minted Oscar winner **Casey Affleck** is thinking about asking **Floriana Lima**, 36, to marry him in a desperate attempt to rehab his reputation after two sexual harassment suits (filed by women who worked with him on the 2010 film *I'm Still Here*) resurfaced during awards season.

"Those rumors cast a dark cloud over what should've been the biggest night of Casey's career," explains a source close to the actor, 41. "The last thing he wants is for this to be how he's remembered."

Even though Casey *just* split from his wife of 10 years, actress **Summer Phoenix**, "he'd happily propose to Floriana if it would help soften his image," says the friend. "Especially since she has stuck by his side." ★

Dave Franco secretly tied the knot with *Community* alum **Alison Brie** after announcing their engagement back in August 2015.

Joshua's MYSTERY DATE

NO sour grapes here! Following his split from **Diane Kruger**, *The Affair* stud **Joshua Jackson** was spotted making out with a stunning brunette in full view of patrons and pedestrians at the Immigrant wine bar in NYC on March 9. "They were talking, laughing and flirting for the first half of the date before Joshua shyly reached for her hand and went in for the kiss," an eyewitness tells *Star*. "She was totally into him. He was grinning from ear to ear."

After several long-stemmed glasses of pinot noir, Joshua, 38, and his date walked arm in arm back to his apartment around midnight.

"No one's seen him this happy since Diane broke his heart," says a pal. "This girl's funny, clever and so witty. Plus, she sort of reminds Joshua of **Katie Holmes**. They might have a future together." Lord willing and the creek don't rise! ★

Before she met her husband, Kristin, 30, earned a following — and a paycheck — playing the villain on *Laguna Beach* and *The Hills*.

"Kristin wants to relocate to L.A. so she can go on auditions," says the source. "She hated living in Chicago and sees this as her only shot at becoming an actress." But the rest is, well, still unwritten! ★

William & Kate Baby #3!

PRINCE WILLIAM AND DUCHESS KATE HAVE SOME ROYALLY GOOD NEWS: THE COUPLE ARE EXPECTING THEIR THIRD CHILD.

MAKE way for more royals! All eyes may have been glued to Prince William during his recent rowdy ski weekend, but it turns out Kate Middleton was happy for the distraction. The couple, along with their children, 3-year-old George and Charlotte, who turns 2 in May, had been sitting on a huge family secret for weeks, and while her husband was away, the mother of two was excitedly gearing up for their big reveal. The joyous announcement? She's pregnant again! "It's the most wonderful news," shares a palace insider. "Kate is starting to show, and she's absolutely glowing. And as for William—he's simply ecstatic."

A SLIPPERY SLOPE

After false pregnancy hopes toward the end of last year, Kate, 35, and William, 34, are on cloud nine right now. The gorgeous queen-in-waiting is estimated to be about three months along, so they decided it was time to let their inner circle in on the news—the only hitch in the plan being the reports of

the prince's partying during his vacation in Switzerland. "It was actually Kate who insisted he go on one last boys' vacation before focusing on the new baby," dishes the royal confidante. "It's just a shame it looked like he was having too much fun and absconding from his duties. Who could have known he may have simply been celebrating his wife's third pregnancy?"

One person who was particularly peeved about the prince's ski slope antics was his grandmother Queen Elizabeth. Says the source: "William knew that as soon as he returned to England he'd be in for a serious scolding."

THE BIG REVEAL

Naturally, it was Kate and the kids to the patriarch's rescue. The insider tells *Star* that Kate saved her husband's butt by getting Prince George to tell the queen, along with Prince Charles and Camilla, about ▶

The More The Merrier

A royal insider tells *Star* there are likely to be a few more family portraits in the works: "Kate wants four children before she turns 40."

Heir, Heir!

The queen was reportedly none too pleased with William's skip trip, but she brushed his antics aside after her great-grandson George told her he was going to be a big brother again!

Happy And Healthy

After two difficult pregnancies, the third time around seems to be smooth sailing! “Kate hasn’t even had morning sickness,” dishes a royal mole. “Everyone is breathing a sigh of relief.”

“Kate is in fine form right now, and William is ecstatic.”

— a friend tells *Star*

her pregnancy during family tea after the Commonwealth Games baton launch last week. “George and Kate practiced his announcement together the night before,” dishes the source. “It ended up being incredibly sweet. George approached his great-grandmother and exclaimed that he had a secret to share. The room went quiet when he said that ‘mummy has a new bubby in her tummy!’” Of course everyone was elated — and Her Majesty immediately called for champagne! “She was delightfully hugging Kate, who was beaming from ear to ear.”

The source adds that while William was disappointed to miss out on this special family moment, he was equally relieved to have successfully avoided his grandmother’s lecture! “He was on his way back and getting ready to face the music, but it’s no surprise that all was forgiven and forgotten following George’s absolutely adorable announcement.”

THIRD TIME’S THE CHARM

Adding to the joyous occasion is the news that the Duchess of Cambridge is, according to friends, “having the best

pregnancy ever.” In sharp contrast to when she was carrying George and Charlotte (she suffered from hyperemesis gravidarum, a severe and dangerous type of morning sickness, during both pregnancies), Kate is yet to experience any complications. The palace insider reveals that the duchess has been very carefully engaging in low-impact workouts, including aquarobics and hatha yoga every morning. “She’s stopped her rigorous jogging and cross-training routine and is listening to her body and its cravings more,” says the source. If she wants some shepherd’s pie, she’s jolly well going to have it!”

Thanks to her good health, Kate has been able to stay on her feet and is madly preparing the nursery in Kensington Palace to make room for the new arrival. “Charlotte is nearly 2, so she’ll be moved into her own bedroom soon,” adds the royal mole. Kate is also repainting the nursery

Dad Off-Duty

William’s boys-only trip to the Swiss Alps was met with scrutiny, but a source insists the early March vacay was his wife’s suggestion. “Kate wanted him to have fun and knows he would never cheat on her. She just wishes he had been a little more careful about being photographed!”

KATE’S THERAPY SESSIONS

Last February, Kate, who is helping champion kids’ mental health, revealed that she “wouldn’t hesitate” to send George or Charlotte to therapy. Now, a confidante reveals that the duchess herself is in counseling! Kate previously sought treatment in her early teens after being bullied (it was so bad that her parents moved her to a different school), and with her third pregnancy, she’s decided it’s time to make mental health a priority again. “Kate is open with her friends about how much therapy has helped,” shares the source, “and William supports her all the way.”

rooms in their country home, Anmer Hall, where the family retreated immediately following the birth of Princess Charlotte. However, it’s yet to be seen whether she’ll be choosing pink or blue for the new baby’s room. “Kate will be going for a scan with William in the coming weeks to find out the baby’s gender,” shares the source. “Neither of them has a preference, just as long as it’s healthy.”

The royal couple’s relaxed demeanor mainly stems from relief. Friends say that Kate and William are shocked at how easy her pregnancy has been so far. “Kate is in fine form right now,” adds the insider. She’s full of energy and hasn’t stopped.” As for William, he’s all over her — and not just because she saved him from a royal scolding over his ski trip. “He can’t wait to expand their family, and the sooner the better.” Let’s just hope George and Charlotte are ready to share the spotlight! ★

Romain is in the center, wearing a black beanie and glasses. Rose is on the right, wearing a red puffer jacket. A pink circular graphic is overlaid on the image, containing the text 'AVENGING ANGEL?'.

SCARLETT JOHANSSON & ROMAIN DAURIAC

Seems that ScarJo may need to channel her inner Black Widow to win daughter Rose, 2, from her soon-to-be ex. The couple, who wed in 2014, split two months ago and worked out an informal coparenting schedule. But on March 7, Scarlett officially filed for divorce from the French journalist, and asked for primary custody of Rose. Romain reportedly intends to fight for the little girl and have her live with him in France, and some legal experts believe he has a shot because Scarlett's travel schedule is so hectic. As of now, the blonde beauty is asking people to respect her privacy "out of respect for all working moms."

TUG-OF-LOVE TRAGEDIES

HALLE BERRY & GABRIEL AUBRY

Halle met the Canadian hunk in 2005 while shooting a Versace ad, but theirs was hardly a model relationship. After the tempestuous romance ended in 2010, they agreed to share custody of their daughter, Nahla, now 9, but duked it out in court for years over child support payments. In 2012, after Halle got engaged to actor **Olivier Martinez** and sought permission to move to Paris with Nahla, the men duked it out — literally — in a blowout brawl. Nahla stayed Stateside, and despite Halle's attempts to reduce support payments, she's forking over \$16,000 a month to her ex.

HALLE'S
NOT
HAPPY!

PAULA PATTON & ROBIN THICKE

The battle lines aren't blurred between these two, who have been waging a megawar over their son, Julian, 6, since their split in 2015. In January, Paula accused the singer of "excessive spanking," but after Robin was cleared of any wrongdoing, she later alleged that he had used drugs and had been physically violent during their 10-year marriage. Robin was limited to thrice-weekly supervised visits, but that wasn't enough for Paula, who accused Robin of trying to bribe the court monitor — with free sushi! They've since called a truce and are reportedly close to agreeing on a new custody deal.

KATE HUDSON & CHRIS ROBINSON

When they ended their seven-year marriage in 2007, Kate and the Black Crowes frontman opted to share custody of their 2-year-old son, Ryder. All was amicable until last month, when Chris filed in California Superior Court to reopen the agreement. Both parents will undergo interviews to determine where Ryder, now 13, should live and what his visitation schedule should be. Kate, who also has a son, Bingham, 5, with ex-beau and Muse singer **Matthew Bellamy**, will have to foot the \$7,500 bill for the court evaluation.

SHERRI SHEPHERD & LAMAR SALLY

The former *View* cohost takes a dim view of her ex-hubby Lamar, even though he's had sole physical custody and raised their 2-year-old son, Lamar Sally Jr., who was born via a donor egg and surrogate after the pair ended their three-year marriage in 2014. Lamar, a high school substitute teacher, filed a petition to increase his child support payments from \$4,100 a month, claiming that Sherri's income had tripled since their split. The judge denied his request in January, but that didn't stop Sherri from publicly lambasting Lamar: "Never a problem helping ex financially with his son," she tweeted. "Just wanted a fair decision and not made to pay an amount borne from greed."

TUG-OF-LOVE TRAGEDIES

SIX-YEAR SQUABBLE!

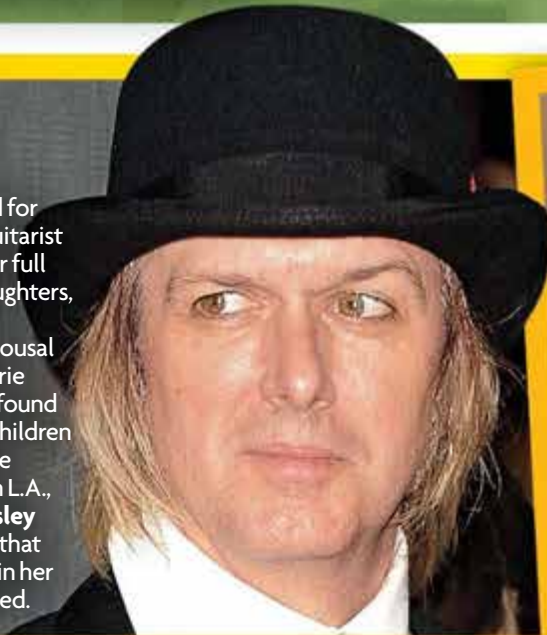

KELLY RUTHERFORD & DANIEL GIERSCH

You'll need a scorecard for this lengthy fracas, which had the kids bouncing from one side of the Atlantic to the other. The *Gossip Girl* star and the businessman wed in 2006 and had son Hermés, then split when she was pregnant with daughter Helena, in 2008. Though their divorce was finalized in 2010, the custody fight continued. In 2012, Daniel, who had temporary custody, brought the kids to Paris, but the following summer Kelly got them for two months. Trouble was, she refused to return them — and that's when the tide turned against her. The case was finally settled in August 2015, with Daniel winning sole custody and Kelly only permitted to visit her kids in France and Monaco.

LISA MARIE PRESLEY & MICHAEL LOCKWOOD

Married for 10 years, Lisa Marie filed for divorce from her fourth husband, guitarist Michael, in June 2016, petitioning for full custody of their twin 8-year-old daughters, Finley and Harper. The divorce case slogged on, with Michael seeking spousal support — then in February, Lisa Marie dropped a bombshell, claiming she found disturbing sexual images involving children on her ex's computer. The twins were reportedly taken by child services in L.A., but their grandmother **Priscilla Presley** quickly announced on social media that the girls were with her and will stay in her care until the custody issue is resolved.

**LONDON
CALLING!**

MADONNA & GUY RITCHIE

The diva and the director, who wed in 2000 when son Rocco was an infant and went bust eight years later, had a fairly peaceful coparenting accord. Until Rocco hit his teens, that is! The boy, who'd been aboard Madonna's Rebel Heart tour, abruptly skipped out in December 2016 to be with his dad in England. (Word was he'd had enough of his mother's smothering and tendency to post embarrassing photos of him on social media.) Mad Madge had a judge order Guy to return their son to her in New York, only Rocco wouldn't budge. The battle played out publicly for months, but by the summer of 2016 Rocco and his mom mended fences, and he even spent some time with her in Cuba for her birthday. Last September, Madonna agreed to a court ruling that Rocco should continue to live with Guy and go to school in London.

ANGELINA JOLIE & BRAD PITT

When Hollywood's golden couple fell apart after an ill-fated plane ride in September 2016, Angelina asked for sole physical custody of Maddox, 15, Pax, 13, Zahara, 12, Shiloh, 10, and twins Knox and Vivienne, 8, as authorities investigated child abuse charges against Brad. In late October, the undone duo agreed to a temporary custody arrangement, and by mid-November, Brad was cleared of all abuse charges. Yet while he sought more access to the kids, she seemed bent on stonewalling him. On Dec. 2, a judge granted Angie physical custody and in February she brought the brood to Cambodia. Ironically, just a year before, she and Brad were there together and got tattoos to symbolically bind them as husband and wife.

PADMA LAKSHMI & ADAM DELL

Who's your daddy, indeed! Though Padma at first wouldn't say who fathered her daughter Krishna, her businessman ex-boyfriend Adam set out to gain full custody after the baby was born in 2010. Then Padma reportedly told him another beau, the late billionaire Teddy Forstmann, was the girl's bio dad. (And Teddy did leave the tot a trust fund rumored to be in the millions when he passed away in 2011!) DNA testing in 2012 finally proved that Adam is Krishna's father; he gained visitation and partial custody, and the little girl now carries his last name.

UMA THURMAN & ARPAD BUSSON

While the *Kill Bill* beauty and her on-and-off businessman beau never married, he did put a \$1.5 million ring on it — and that bauble became a bone of contention in the fight over daughter Luna, 4, when they called it quits for good in 2014. In January, Arpad demanded the ring back, arguing that it wasn't fair for "two thirds" of the pricey present to help support Maya, 18, and Levon, 15, Uma's kids with ex-husband **Ethan Hawke**. Uma countered that she had returned it when they broke up in 2008 but Arpad later insisted that she hold on to it in trust for Luna. The case was settled in February, with Uma getting primary custody of the little girl — and the big ring.

MAMA'S GIRL!

BETHENNY FRANKEL & JASON HOPPY

It took the *Skinnygirl* and the pharmaceutical exec, who split in 2012, two years to reach a coparenting agreement for daughter Bryn, 6, and another two until their divorce was finalized in July. You'd think they'd both be eager to move on, but Jason appears to be having trouble with the concept. In November, the *RHONY* star felt compelled to get a cease-and-desist order against her ex, whom she claimed was bombarding her with abusive emails. Then, in January, Jason confronted Bethenny at Bryn's school, allegedly threatening "to destroy" her, and she had him arrested on stalking charges. What a mess!

A PERFECT ILLUSION

Forever breakin' the law of how pop stars should act, of course **Lady Gaga** would claim to be a Judas Priest fan. Or is she just a dreamer deceiver living for the applause?

THESE YOUNG CELEBS PAY TRIBUTE TO SOME BANGIN' BANDS — BUT HAVE THEY EVER ACTUALLY LISTENED TO THEIR MUSIC?

Rock!

HELL'S BELLE

For those about to rock, can you really picture Victoria's Secret Angel **Alessandra Ambrosio** headbanging to the devil's music? Neither can we, but at least she looks heavenly in this Junk Food tee!

SLAY, KENDALL

Sure, 21-year-old **Kendall Jenner** may create a killer outfit with this Slayer shirt, but she'd probably have trouble keeping up if Tom and his thrash-metal bandmates asked her to sing the chorus of "Raining Blood"!

SAD BUT TRUE?

Gigi Hadid looks more likely to have champagne in a flute than whiskey in a jar, but the kickboxing babe just may indeed blast Metallica when she's throwing right hooks in the ring!

SHARP-DRESSED WOMAN

OK, we know bearded bros are back in fashion, and true, model **Charlotte McKinney** *does* have a great tush and legs, but she still doesn't strike us as a true lover of the Rough Boys.

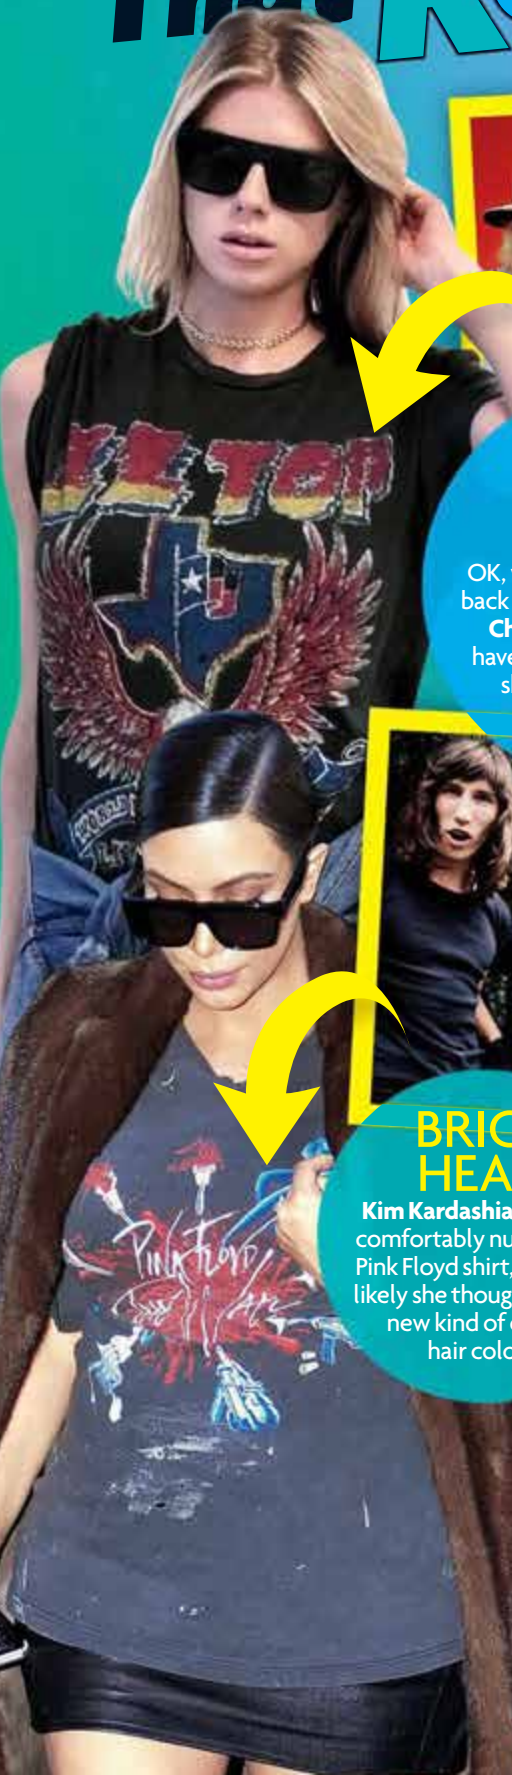

BRICK HEAD

Kim Kardashian looked comfortably numb in her Pink Floyd shirt, but most likely she thought it was a new kind of ombré hair color...

ROCK OF (UNDER)AGES

With a cool dad like **Lionel Richie** — who was dancing on the ceiling when Def Leppard was pouring some sugar on radio charts — we *want* to believe that 18-year-old **Sofia** could be a fan. But given that she dated **Justin Bieber**, her tastes are more sour than sweet...

YOU REALLY GOT HER

Given that she was born two decades *after* Van Halen started dancing the night away, was Disney darling **Demi Lovato** just trying to look cool for the summer?

OUT OF RANGE

As little as we know about Beverly Hills Chihuahua 3: Viva la Fiesta! star **Cara Santana**, we're willing to bet one thing is for sure: She knows even less about "Sister Christian" rockers Night Ranger.

HONKY-TONK WOMAN

"Satisfaction" may not *sound* much like "Work," but **Rihanna** cites **Mick Jagger** as her onstage influence because "he's not afraid to do anything." When she puts it that way, we're starting to see the similarities. Rock on, RiRi!

THOSE DAMNED POSERS

It's pretty tough to claim you're a hard-core punk aficionado when you married **Ashlee Simpson**. Nice try though, **Evan Ross** — your NSYNC hoodie is back from the laundry, you can go change now.

T-Shirts That Rock!

GUITAR HERO... OR ZERO?

Perhaps she's angling for a collaboration, but try as she might, pop singer **Rita Ora** just can't seem to conquer the charts. So the British beauty stays content with the company of real rock stars, if only in T-shirt form. While we can picture her blasting **Bowie** (who doesn't?), something tells us that '80s punk bands the Cramps and the Misfits aren't exactly at the top of her playlists...

Ben Affleck

FIGHTING FOR HIS FAMILY

Rising To The Challenge

Looking happy and relaxed, Ben was spotted spending some quality time with son Samuel on March 15, one day after going public with his rehab stint.

AFTER A DESPERATE JENNIFER GARNER GIVES HIM AN ULTIMATUM TO DRY OUT OR ELSE, BEN AFFLECK FINALLY SOBERS UP FOR HER SAKE — AND HIS CHILDREN'S.

EVER since they announced their shocking split in June 2015, Ben Affleck and Jennifer Garner have confounded fans with their flip-flopping about their future. Ben moved out, then back in to their Pacific Palisades home. The couple made a public show of amicably co-parenting their children and taking vacations together, and reportedly even renewed their wedding vows — only to see their repeated attempts at reconciliation fall apart because of Ben's private, ongoing struggle with sobriety.

Ben's battle came out into the open on March 14, when he revealed that he had just completed a two-week stint in rehab for alcohol addiction, which he described as "the first of many steps being taken towards a positive recovery." It was a huge step — but sources say it was one he didn't take on his own. "Ben's drinking had gotten out of control, and Jen was so desperate she gave him an ultimatum," an insider tells *Star*. "She said if he didn't clean up his act she was finally going to move forward and file for divorce. That's when he realized he had to cut the booze if he wanted to keep Jen — and keep his family together. Now he's on a mission to rebuild his life."

A New Chance

Ben is more determined than ever to stay clean and make kids Seraphina, 8, Samuel, 5, and Violet, 11, his top priority, a source says.

Jen's Taking It One Day At A Time

While Ben was in rehab, Jen was spotted March 13 on a rare, girls-only weekend in Mexico. "She wanted a short break from the kids so she could get an energy reboot before Ben came home," a source says.

SAFETY NET

Indeed, in a statement he posted to his Facebook page, Ben acknowledged that he had sought treatment for his drinking — which he described as "something I've dealt with in the past and will continue to confront" — because he wanted to be "the best father I can be" and let "my kids know there is no shame in getting help when you need it." Saying that he was "lucky to have the love of my family and friends," Ben gave a special shout-out to Jen, "who has supported me and cared for our kids as I've done the work I set out to do."

There had been signs that Ben, who underwent rehab in 2001, had fallen back into his old bad habits. He was spotted in L.A. with a sober-living coach in January, around the same time he announced he was dropping out of directing his next superhero epic, *The Batman*. And he reportedly was so afraid of relapsing that he asked a coach to accompany him to the Feb. 26 Academy Awards, where his stiff, plastered-on smile and bloated appearance fueled whispers that he was barely holding it together.

FACING THE FUTURE

Friends are hoping that it's the start of a new chapter in the couple's nearly 12-year marriage. The day after his rehab confession, they were spotted together taking their son, Samuel, to school. Ben was smiling as he carried the 5-year-old on his shoulders, looking as if a huge burden had been lifted.

Now, the insider says, the duo "are just taking each day as it comes. Jen's under no illusions — she knows that Ben had an illness, but she faithfully believes in her wedding vows to stand by her man in sickness and in health. She certainly knows the hell Ben has been through, and is so proud of him for squarely facing his demons. In my opinion, this has only made them stronger as man and wife. Everyone has high hopes for a happy ending." ★

GETS TONYA!

THE WORLD WAS WATCHING

Tonya and Nancy were good-natured rival competitors on the ice for years (A) before Harding's ex-hubby Jeff Gillooly conspired to have an assailant slam Kerrigan's knee (B) in January 1994 while she practiced for the U.S. Figure Skating Championships. The attack made headlines around the globe; Gillooly (seated) and the hired thug, Shane Stant (standing, right), were later tried in court (C) and eventually served prison time for their roles in the plot, while Tonya was given three years probation and a \$160,000 fine.

TWENTY-THREE YEARS AFTER TONYA HARDING'S INVOLVEMENT IN AN INFAMOUS ATTACK ON SKATING RIVAL NANCY KERRIGAN, LIFE COULDN'T BE MORE DIFFERENT FOR THE FORMER ICE QUEENS.

SPORTS brawls are one thing, but this was something else. In 1994, figure skater **Tonya Harding** went down in infamy after her first husband, **Jeff Gillooly**, hatched a failed plot to disable her archrival **Nancy Kerrigan** by clubbing her in the leg. The shocking incident triggered a media frenzy, and now, 23 years later, memories are sure to come flooding back, thanks to an upcoming movie, *I, Tonya*, about the once-promising Olympian and her fall from grace. And with Nancy back in the public eye on *Dancing With the Stars*, a new light is being shed on how both women were forever changed by the scandal—in Tonya's case, much for the worse.

"To say she hasn't been able to recover is an understatement," an insider tells *Star*. "Tonya's life is a shambles, and she'll always be seen as a vindictive villain. As for Nancy, she had legions of sympathetic fans after the attack, and now she's sure to gain a whole new generation of admirers."

DOWNWARD SPIRAL

Judging from recent photos of a pajama-wearing, cigarette-smoking and dispirited-looking Tonya outside her run-down home in rural Washington, she certainly appears to be living on the margins. Indeed, it's been a tough road for Tonya since she pled guilty to conspiring to hinder prosecution of Gillooly and his accomplice, **Shane Stant**, who carried out the attack. Slapped with three years probation and a \$160,000 fine, Tonya was stripped of her U.S. Figure Skating Association championship title and banned from competing for life.

Unable to earn money from skating, Tonya sold a sex tape from her honeymoon for \$200,000. She ping-ponged from one odd job to the next—as a \$4.75-an-hour gardener, a pro-wrestling manager and as a karate movie action hero. In 2002

Nancy's In The Pink

A devoted mom of three — Brian, 11, Nicole, 8, and Matthew, 20 (inset, above) — with hubby Jerry Solomon, Nancy's got a built-in cheering section as she competes for the Mirrorball trophy on *DWTS*.

she started a brief career as a pro boxer, then became a talking head on a cable TV show about the world's dumbest criminals.

Tonya's personal life has also been messy. Her second marriage, to machinist **Mike Smith** in 1995, lasted less than a year. She spent three days in jail for bashing a boyfriend with a hubcap in 2000. Now married to **Joseph Jens Price**, Tonya, 46, who has a 6-year-old son, is barely recognizable from her ice princess days. "She looks horrible, far older than her years," says the insider. "It's anyone's guess where she'll eventually bottom out."

BEYOND THE RINK

By contrast, Nancy, 47, who suffered only bruises on her thigh in the attack, has come shining through. After winning the silver at the 1994 Winter Olympics, she retired from amateur competition and appeared in several ice shows. She served as a special correspondent for *Entertainment Tonight's* coverage of the 2010 Winter Olympics and wrote an instructional book, *Artistry on Ice*, on figure-skating technique.

Happily married to her former agent, **Jerry Solomon**, since 1995, Nancy is excited about the prospect of dancing her

FROM THE RINK TO A RINKY-DINK EXISTENCE

Despite her cheerful Mickey Mouse pajama bottoms, a dumpy-looking Tonya seemed less than enthusiastic in late January, as she glared at a photographer outside her house in Washington State.

A "No Trespassing" sign — and, perhaps, the silhouette of a Sasquatch standing guard (below) — make it clear that visitors are not very welcome at Tonya's ramshackle home in the woods of rural Washington.

way to victory on *DWTS*. "I mean, I've wanted to since the beginning," she said, "[but I'm] wondering if my body can hold up because I've been falling for 40 years." One thing she won't be doing is watching *I, Tonya*, which stars **Margot Robbie** and is set to be out next year. "It really doesn't have to do with me too much," she said.

As for Tonya, selling the rights to her life story for the movie "may finally help get her back on her feet," says the insider. "But you can bet she's not going to tune in to *DWTS*. Tonya doesn't give a damn about it!" ★

Nick & Vanessa OVER ALREADY?

FIGHTS AND CROSS-COUNTRY FLIGHTS SEEM TO HAVE DOOMED THE BACHELOR COUPLE!

WE want to make this work." It's a familiar refrain for couples who have weathered decades together — but from the newly engaged? Not so much. Yet that was the message from *Bachelor* winner **Vanessa Grimaldi**, 26, and her (alleged) groom-to-be, **Nick Viall**, on *After the Final Rose*.

"I'm not going to sugarcoat things. Some days are tougher than others," confessed the Canadian special-ed teacher, who beat out Southern belle **Raven Gates** to win Nick's heart — and an engagement ring — on the season finale. Nick echoed his fiancée's sentiments, admitting that it's been "difficult" at times. "We know we have a long way to go, and we're realistic," Nick said dourly. "We're still getting to know each other. That's the reality."

THE SPACE BETWEEN

Another reality is their long-distance relationship — while Nick films *Dancing With the Stars* in L.A., Vanessa remains in Canada, and it's putting a strain on an already tenuous bond.

"There have been moments when I wanted him to be a little more empathetic toward my feelings. So we've had our challenges with that," Vanessa admitted, alluding to some "knock-down, drag-out" fights with Nick. "But at the end of the day, we both love each other." But do they?

THE FAME GAME?

As *Star* previously reported, friends say Vanessa still carries a torch for her ex, *Smallville* actor **Michael Rosenbaum**, and can now reveal that she also was once an aspiring actress, with bit parts in sci-fi shows like *Being Human* and *Ascension*.

"You can't help but think she's only in this to become famous," an insider mused to *Star*. "No wonder she didn't make it in Hollywood — she can't even pretend to like her fiancé." ★

Shocking At Home Fix For Crepe Skin

LOS ANGELES (HH) -- Many noteworthy displays of innovation were featured in 2017.

However, this year's most talked-about presentation came courtesy of cosmetic surgeons, John Layke and Payman Danielpour (of the Beverly Hills Plastic Surgery Group), who shocked both industry colleagues and members of the press, with an astonishing anti-aging breakthrough.

The doctors unveiled, what is officially, the **world's first at-home treatment** for the appearance of crepey skin. In clinical trials, this unusual technique was found to effectively **tighten and actually smoothen skin around the arms, neck, chest, legs**, and other areas.

According to their research, **loose skin adds significantly more years to a person's perceived age than wrinkles, fine lines, or pigment changes**—which is why they trained their focus on this particular affliction.

And when the doctors demonstrated just how quickly and effectively it worked on volunteers from the audience, it became clear to everyone that their discovery is nothing short of groundbreaking.

Previously, the only way to alleviate the look of crepey skin was through highly invasive, surgical procedures. But Layke and Danielpour have now makes it possible to combat the effects of gravi-

ty, using a simple, fast-acting process, which patients can self-administer.

Needless to say, the presentation was met with thunderous applause, and bewildered questions from the audience.

But the latest development in this story came just last week, when the video version of the presentation (put together by Dr. Layke for industry professionals who were unable to attend in person this year) was made available to the public online.

As of this writing, the video has over four million views and is quickly becoming a social media phenomenon.

ON *The Real Housewives*, it's the ladies who are always stirring up trouble, but on *Vanderpump Rules*, which follows the staff of **Lisa Vanderpump's** restaurant SUR in their on- and off-duty exploits, plenty of men are thrown into that mix, as well! Aspiring actor **Tom Sandoval** — let's call him a drama king — who's been dating fellow bartender **Ariana Madix** since 2014, chatted with *Star* about **Lala Kent's** surprising decision to quit the reality show after two seasons, as well as his relationships with the rest of the cast.

Your friendship with Jax Taylor hit a rough patch over his constant lying. Where do you two stand now?

There was a point when we weren't friends, but I think he got a reality check about how he

was treating people. And he's starting to ignore that voice that tells him he has to go out or that he's not cool unless he's at a party — so that's helped get us back on track.

What's the real story behind Lala's sudden departure?

She just wasn't putting in the effort and that's not fair. Her mentality was, "I want to be part of the show, not work to create a show." She wants to be a celebrity, not actually show up and put the effort in.

In the past you've said that you and Ariana have no plans to get married. Does that still stand?

I'm not saying never, but we're more likely to buy a house than get married. I think it's really just the whole wedding aspect of it that's the turnoff. I would actually be a groomzilla.

Whisked away by that terrible twister, Dorothy soared over the rainbow to the magical land of Oz. Where, luckily, she landed on all four paws.

That's right ... *paws*! Well, at least in this imaginative tribute to L. Frank Baum's *The Wonderful Wizard of Oz* inspired by the delightful cat paintings of Kayomi Harai!

Handcrafted with such wide-eyed wonder!

"There's No Place Like Home" captures all the charm of the classic tale. From Dorothy's blue-and-white dress to her sparkly hair ribbons and just-as-sparkly shoes, she's sculpted and painted by hand under Kayomi's watchful eye. And speaking of eyes — just try to resist those big, bright, beautifully blue peepers that Kayomi's artwork is famous for!

Not available in stores! A Hamilton exclusive!

Issued in a strict limited release, this a-mew-sing new collectible from Kayomi Harai is offered as a Hamilton exclusive. Due to the popularity of the artist and the beloved story, high demand is expected. **Reserve now at no risk with our money-back guarantee!**

PHARRELL WILLIAMS
Turns 44 on April 5

By Jennifer Angel

ARIES MARCH 21–APRIL 19

An opportunity to advance your career may come up. If it concerns money, take time to think through the pros and cons before you sign up. You want long-term security, not a quick handout.

TAURUS APRIL 20–MAY 20

Life can seem more hectic than usual, so get organized. A chance to learn a new skill improves your career prospects. A chat with a loved one can be revealing, so keep an open mind and heart.

GEMINI MAY 21–JUNE 20

You have the chance to clear the air with a friend, so do it! You will need to be openhearted and diplomatic to sort out a work situation and leave the past behind. Be ready to take the high road.

CANCER JUNE 21–JULY 22

Your career is on fire. Get things finished and try not to step on anyone's toes. Keep power players on your side. A social event can put you in touch with someone who offers help.

LEO JULY 23–AUG. 22

A discussion can open a new door in your career, but before you walk through it, get the details sorted. When love and money mix, set clear boundaries.

VIRGO AUG. 23–SEPT. 22

Someone from the past may reenter your life. If emotional baggage resurfaces, deal with it once and for all and be ready to move on.

LIBRA SEPT. 23–OCT. 22

Love can come knocking, but be prepared to make compromises. A new development at work may bring wonderful changes; just wait it out.

SCORPIO OCT. 23–NOV. 21

This can be a passionate time for you, especially when it comes to a deep and meaningful talk that is well overdue. To gain support and respect at work, take charge but don't overstep your role.

SAGITTARIUS NOV. 22–DEC. 21

Be smart with your money! If you want your financial life to be better, learn how to manage your cash flow. A work opportunity can open up, but be wary of keeping secrets; be straightforward.

CAPRICORN DEC. 22–JAN. 19

Life is changing and fast! Expect to feel unsettled while stepping out of your comfort zone to start a new chapter. When it comes to love, the more honest you are with yourself about how you feel, the easier it is to make a choice.

AQUARIUS JAN. 20–FEB. 18

Whether it concerns your personal life or your job, watch and listen closely to what people say and do to make sure they are sincere. You want to be able to separate fact from fiction, especially when it comes to money matters. Trust your instincts.

PISCES FEB. 19–MARCH 20

Get ready for romance to come your way! You may need to revisit some love lessons, especially if you meet up with an old flame. Try not to make the same mistakes again. Be organized at work in order to secure your future.

Just because you can't see it doesn't mean it's not there.

Although it's more common in older women, ovarian cancer affects women of all ages, even in their 20s. There is no early detection test, and symptoms can be subtle. But while you can't see it, you can take steps to get ahead of it by knowing your risk factors. Family history of cancer and presence of gene mutations like BRCA are risk factors, so talk to your family and your doctor. This information makes you less likely to ignore vague signs that could indicate disease.

Meanwhile, promising collaborative research will continue to shed light on new advances in diagnosis and treatment of ovarian cancer.

Star BURNING Questions

Piece by piece! The 20,121-square-foot property boasts a saltwater pool, private lake access and a sand volleyball court.

Is **Kelly** cutting her country ties?

Take a chance, make a change and breakaway! **Kelly Clarkson** and her hubby, producer **Brandon Blackstock**, have put their rustic riverfront mansion in Hendersonville, Tenn., on the market for a whopping \$8.75 million.

Inside the seven-bedroom, 11-bathroom estate, several deer heads adorn the walls, and an entire bear is mounted above the fireplace! Plus, the *American Idol* alum kept a fully stocked cowboy bar furnished with saddle stools.

"When you come in the front door, it's breathtaking, it's elegant," said listing agent Jack Miller of PARKS realty. "It definitely has Kelly's imprint." Hey, some people wait a lifetime for a deal like this! ★

PAR FOR THE COURSE!

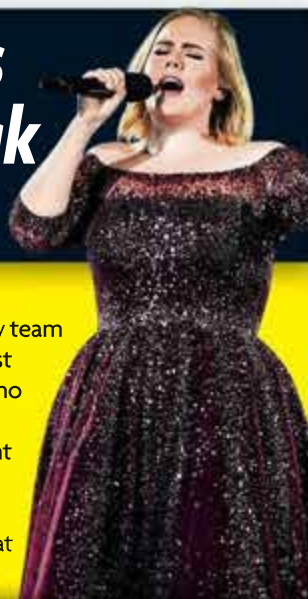

Hasn't **Elin** learned her lesson?

A leopard can't change its spots, and neither can **Tiger Woods'** ex-wife, **Elin Nordegren**! **Gavin Rossdale** recently revealed he was set up with the disgraced, sex-addicted golfer's former missus by a mutual friend. "I texted [Elin] a couple of times to say hello," admitted the Bush frontman, who famously cheated on ex **Gwen Stefani** with the family nanny. "She's a really great girl, but I've never met her." Sounds like her type — to a tee. ★

How does **Adele** sneak onstage?

Hello, from the... inside of a box! Rumor has it that **Adele's** security team secretly wheels the superstar past unsuspecting fans at her show, who would surely set fire to the rain if they saw her, in a black equipment trunk furnished with air holes, of course, and an iPad!

"I've done so many shows in that box, and it has been a nightmare," Adele confirmed during the Australian leg of her world tour after her "sweaty" cover was blown. "This time when I came out, you all knew I was in it. I was scared, I was. I'm not lying. I was frightened. So now, I'll just walk out and ruin the surprise and be like, 'Oh, hello, hello!'" ★

Starstruck & Hutch

Liverpool, England, March 12

Watch it, Starsk. This thing doesn't have any brakes! Nearly 40 years after Starsky and Hutch went for one last spin in their iconic red Gran Torino, legendary detective duo **Paul Michael Glaser**, 74, and **David Soul**, 73, arrived at Liverpool's Comic Con... in a very different set of wheels.

"One thing that's great is that [we] have remained really good friends, and I'm really grateful for that," said David, who isn't wheelchair-bound but does rely on a wooden walking stick to get around these days. "It's very rare to find a relationship like what we had on that show that comes from the heart."
